

Are You Still Safety Testing Using Sandbags Strapped to the Floor or Across the Seat of Your Ride?

StarBart™

The Newest Member of Our Test Dummy Family

Is a Great Investment Because It Saves You:

TIME by Offering Such Features As: **INJURIES** to Your Guests & Employees:

1. Ease of Handling:
 - No More Filling Sandbags.
 - No More Trying to Tie Sandbags Down on the Ride.
 - No More Bolting Steel Beams to the Floor.
2. Quick to Install In the Ride - Just Place the Dummy in the Ride, Fill It With Water, Screw on the Cap, Adjust the Restraints & You are Ready To GO.
 - Don't Have Water Handy to the Ride? That's O.K! Fill the Dummy in Sections, Take It to the Ride and Assemble Them on Site.
3. No More Time Spent Cleaning-Up Broken Sandbags.
4. No More Repeating Ride Test Due to Sandbag Breaking During Testing.
5. Quick to Remove & Store - Just Empty the Torso Right There in the Ride, Move it to Storage & Drain All Parts Before Storing (Only necessary if storing for long period in order to prevent mold/algae built-up inside).

1. During Testing the StarBart™ Provides:
 - A More Accurate Test by Providing a True Representation of a Body's Weight Distribution & Mass.
 - Tests the Restraint Systems by Providing a True Representation of the Force a Body Will Cause Against the Restraint System.
2. Less Possibility of Employee Back Injuries Currently Caused by the Handling of Sandbags.
3. No Potential for Injuries Caused by Falling Sandbags.

MONEY by:

1. Making Employees More Efficient with Their Time by Reducing the Time Spent Filling & Loading Sandbags.
2. Reducing Down Time of Employees Due to Injuries from Handling Sandbags.
3. Reducing Workman Comp Claims Due to Back Injuries from Handling Sandbags.
4. Assisting in Loss Prevention Due to Ride Accidents.
5. Being Durable and Reusable.

Call Today and Let StarBart™ Give You a Better, Safer, Easier Way to Test!
